## Jaco, your IQ score is 125

Your overall intelligence quotient is the result of a scientifically-tested formula based on how many questions you answered correctly. But it's only part of what we learned about you from your answers on the test. We also determined the way you process information.

The way you think about things makes you an **Intuitive Investigator**. This means you have multiple talents and can do anything you set your mind to. You're able to detect numerical patterns easily and are able to grasp the true complexity of the world, both in its details and in a more abstract form. You've got a sharp logical mind and are adept at using words to get even a difficult point across. The combination of all these things makes you truly brilliant.
